

<http://webfacil.tinet.cat/wineriescorporation>

PRESENTATION

Wineries Corporation is a consortium of wineries, founded in 1985.

In 1985, it was decided to form a corporation to gather prestigious and recognized wineries in a commercial group with capacity to commercialize wines and champagnes in the world.

Until now, they have been joining other prestigious wineries, to create the largest consortium of wineries in the world.

The group of wineries that make up this corporation enjoy great national and international prestige; today its wines and champagnes are present in more than 50 countries.

Our mission is to offer a wide range of wines, champagnes and sparkling wines of different qualities and prices, adapting our supply to demand in each market.

Our wineries produce excellent wines of different varieties and appellations of origin, with a wide commercial offer, which allowed us a strong commercial implementation.

The wines that make up our portfolio are highly valued in the world, leaders in their range in several markets.

In our extensive catalog, you will find a very special assortment, some of the brands that we sell are well known, and enjoyed great international prestige and some of the wineries in our group occupy first places in the world ranking of wineries in the world.

If you are looking for the widest range of wines, we are your reference.

BLENDED SCOTCH WHISKY

Whisky Seawalker

For its elaboration, a base of a blended whiskey of three years of barrel is used, to which we add 30% of Scotch malt whiskey to give it body and nuances in the background.

TASTING NOTE: The color is golden honey bright. On the nose, the sweetness of honey stands out with a complex balance of oak and vanilla notes. In the mouth, complex flavors of honey and flowers stand out, in perfect balance with the sweetness and creaminess of the oak. It leaves a refreshing and complex ending where the peat and wood are assembled.

PERFECT SERVE: Alone or mixed with tea, beer, cola, etc. Serve at room temperature.

Capacity: 70 cl
Graduation: 40°

Para su elaboración se emplea una base de un blended whisky de tres años de barrica al cual le añadimos un 30% de whisky de malta escocesa para darle cuerpo y matices de fondo.

NOTA CATA: El color es dorado miel brillante. En nariz destaca la dulzura de la miel con un complejo equilibrio de notas de roble y vainilla. En boca destacan sabores complejos de miel y flores, en perfecto equilibrio con la dulzura y cremosidad del roble. Deja un final refrescante y complejo donde se ensamban la turba y la madera.

PERFECT SERVE: Solo o mezclado con té, cerveza, cola, etc. Servir a temperatura ambiente.

Capacidad: 70 cl
Graduación: 40°

Whisky The Key Rule

For its preparation we mixed a blended whiskey base three years of barrel to which we added 10% Scotch malt whiskey to give body and nuances in the background.

TASTING NOTE: The color is golden honey bright. On the nose, the sweetness of honey stands out with a complex balance of oak and vanilla notes. In the mouth, complex flavors of honey and flowers stand out, in perfect balance with the sweetness and creaminess of the oak. It leaves a refreshing and complex ending where the peat and wood are assembled.

PERFECT SERVE: Alone or mixed with tea, beer, cola, etc. Serve at room temperature.

Capacity: 100 cl
Graduation: 40°

Para su elaboración mezclamos una base de un blended whisky de tres años de barrica al cual le añadimos un 10% de whisky de malta escocesa para darle cuerpo y matices de fondo.

Whisky Haran

Made from quality malted germinated barley malts, specially selected, made fresh, with smoked and slow-burning techniques with oak firewood, based on traditional processing techniques with aging in oak barrels of noble oak, American and French of at least 8 years, which are then mixed and assembled with osmotized water from the source of the river Nervión, following an old family recipe.

TASTING NOTE: Amber color, old gold, bright. On the nose, they emphasize the fineness of the malt, its delicate toast, its exquisite complexity and its surprising and natural aroma. The palate is silky opening step by step to the aromatic notes of honey, nuts, citrus, vanilla and an infinity of spices that in addition to its freshness are the most characteristic notes of this distinguished whiskey.

PERFECT SERVE: Only or mixed with 20% distilled water. Serve at a temperature between 17-20°C

Capacity: 70 cl

Graduation: 42°

Elaborado a partir de maltas de calidad de cebada germinada, especialmente seleccionadas, elaboradas en fresco, con técnicas de ahumado y secado a fuego lento con leña de roble, basadas en técnicas de elaboración tradicionales con una crianza en barricas de madera noble de roble navarro, americano y francés de al menos 8 años, que posteriormente se mezclan y se ensamblan con agua osmotizada proveniente del nacedero del río Nervión, siguiendo una antigua receta familiar.

NOTA CATA: Color ambar, oro viejo, brillante. En nariz destacan la finura de la malta, su delicado tostado, su exquisita complejidad y su sorprendente y natural aroma. En boca es sedoso abriendo paso poco a poco a las notas aromáticas de miel, frutos secos, cítricos, vainilla y una infinidad de especias que además de su frescura son las notas más características de este distinguido whisky.

PERFECT SERVE: Sólo o mezclado con un 20% de agua destilada. Servir a una temperatura de entre 17-20°C

Capacidad: 70 cl

Graduación: 42°

WHISKY BRITANNIA 1805

For its elaboration, a base of a blended whiskey of three years of barrel is used, to which we add 10% of Scotch malt whiskey to give it body and nuances in the background.

TASTING NOTE: The color is golden honey bright. On the nose, the sweetness of honey stands out with a complex balance of oak and vanilla notes. In the mouth, complex flavors of honey and flowers stand out, in perfect balance with the sweetness and creaminess of the oak. It leaves a refreshing and complex ending where the peat and wood are assembled.

RICE BEER & RICE AND CREAM LIQUOUR

Rice Beer

Arrossaires the Delta de l'Ebre, producers and suppliers of the best rice in the world, they are in luck. Celiac, without a craft beer suitable for them, are in luck. Lovers of craft beer, always waiting for innovative and groundbreaking products, they are also in luck. Why? Because we have managed to create the first world rice malt, which in turn has led us to develop the first craft beer rice malt.

From this single malt rice it has produced craft beer in question, characterized by containing 100% malted rice, a fact that creates high diastatic power. Specifically in the brewing industry, this discovery will bring a world of extraordinary possibilities: they may draw all kinds of styles of beer with a distinctive touch, light and yet complex. Also mixed versions beer recollections of memories of exotic fruits, from malt. And there's more: versions made from 100% malted rice are suitable for celiacs, as the cereal does not contain gluten.

Craft beer tab 100% malted rice

Style: Saison - 100% malted rice

Appearance: yellow, slightly turbid and large white foam.

Nose: Beer with much aroma, thus acting yeast to ferment the sugars of rice, such as aromatic species leads. They can also be detected and sweet sensations citric fruit and spicy herbados.

Taste: It has a light and dry input. In the aftertaste reminds the rice and spices, with a phenolic touch the end, from yeast.

General Comments: This is a very refreshing and natural beer, with all the properties of a craft beer top-fermented, unfiltered, unpasteurized. It contains a completely new type of malt, which reveals a world of possibilities and, moreover, is suitable for celiacs. In their mixed versions, you can remind exotic fruit.

Ingredients: Water, rice 100% malt, hops, orange peel, juniper, cardamom and Saison yeast.

Alcoholic Vol. 5.8.

Rice Cream and Liqueur

Our liqueurs and spirits made with alcohol from the hydrolysis and subsequent fermentation of rice from the Ebro Delta.

A range of original, native and quality alcoholic beverages.

Rice cream liqueur, ideal for desserts, to drink with nuts and pasta drink, etc. Drink with very soft, sweet entrance, where the tastes of cinnamon, lemon citrus, milk, and rice are noticed. The aftertaste leaves an aftertaste typical rice pudding with a touch different alcohol 17%, from the fermentation of rice produced in the Delta del Ebro, an area with a high national production of this cereal.

Serve always fresh at a temperature between 5 and 8, advisable serve him with regular ice or crushed ice.

UKRAINIAN VODKA

Brand Benefits

In the run-up to the Olympic Games in Moscow, the Communist Party set its specialists the task of developing a new vodka for export – a vodka that would become a hallmark of the USSR. This vodka would have to amaze foreigners with its excellent quality and taste. Put simply, the task at hand was this: "This new vodka has to be as smooth as water, so smooth you won't want a chaser".

Translating these simple words into reality proved to be no easy task. Dozens of new regulations and state standards were developed, with quality tests repeated time and again. Nevertheless, for the Soviet people, there was no such thing as an unachievable goal! The result of their painstaking work was a truly outstanding vodka, smooth to the taste and going down easy.

In record time, more than 100 million bottles of this vodka were produced, as it set the new global standard for vodka. The USSR collapsed, but the broke up, but legendary export vodka of the 1980s is back! The "Vodoff" trademark has revived the recipe and distillation process, following the same standards applied during Soviet days. There's only one difference in the distillation process: "Vodoff" brand vodka uses top-quality "Luxa" alcohol, not available in earlier times.

The "Vodoff" brand uses the best of years past! The legendary vodka is once again on our tables!

"Vodoff" is a vodka manufactured according to the original recipe, producing a smooth taste and impeccable quality. It preserved the finest traditions of export vodka production of the 1980s and brought them forward in time, in order to provide the customer with a joyous occasion every time!

Our Brand

Nasha Marka
Vodoff

Vodoff Classic 0.5/0.25/1

We are proud to present for your attention the blended gorilka "LELEKA" named after the bird symbolizing fidelity, happiness and wellness.

The stork (Leleka in Ukrainian) is a living symbol of Ukraine!

The stork (Leleka in Ukrainian) is a symbol of prosperity, peace, love for the native land and Motherland.

The basis of gorilka is comprised of the high-quality "Lux" grain alcohols combined in blends and gently dissolved with specially prepared water and purified by osmosis with a platinum membrane.

Producing the TM "LELEKA" products, the alcohol is thoroughly cleaned with Karelian Birch charcoal and sea sand. This method allows to maximize the purification of alcohols from fusel oils, aldehydes, mechanical and other impurities that give gorilka unpleasant smell and taste.

The tincture contains the herbal infusions. The aromatic composition consists of a combination of alcoholic infusions that "rest" in a blend for at least seven days and gently mix "marry" with each other, forming a balanced rich taste.

The healing tincture "LELEKA Gold" is infused with sweet clover, honey and lemon. The Blend of TM "LELEKA Gold" is a mixture of aromatic spirits extracted by distillation on alembic, used in distilleries for whiskey production.

"LELEKA Gold" is the crown of aromatics and harmony of taste compositions of organic origin.

A special decoration of TM "LELEKA" is a unique design. We confidently confirm that blended gorilka "LELEKA Silver" and tincture "LELEKA Gold" will properly adorn any event and unite people.

The demand for Ukrainian products in the world has increased significantly, so the availability of Ukrainian brand on the shelves of the stores in EU countries will increase the consumer loyalty to the stretch and increase sales turnover.

The production capacity currently allows us to produce 1,000,000 bottles per month, but this is not the production limit and we can expand the capacity in case of need.

Case: Single.

Brandy Punto Azul Heritage
Graduation: 40% Vol.
Category: Solera Gran Reserva
Tasting notes: Color: Mahogany color with bronze reflections.
Nose: Intense aromas of chocolate and licorice
Palate: The palate is intense, complex and velvety, with a slightly sweet and endless end.
Formats: 70 cl bottle, individual case.
Packaging: Bottle: 70 cl glass jar.
Sealing: glass and cork
Case: Single.

Brandy de Jerez Alexander
Type of Brandy: Sherry Solera Reserva
Place of Production: Jerez de la Frontera Cadiz
Age: 3 Years Vol: 700 ml. Alcohol Content: 36%
Type of Aging: Criaderas and Solera System
Bottles: American Oak casks for Oloroso Old.
TASTING NOTES
Brandy de Jerez must always be aged in oak cask (called butts in Jerez). This process allows a series of reactions to take place naturally allowing the brandy to develop new organoleptic qualities that enhance its colour, aroma and flavour. Prolonged ageing in wood also makes the brandy much smoother on the palate. The oak cask used must have previously held Sherry; this differentiates Brandy de Jerez from those of the rest of Spain or other countries where new casks are used.
Colour: Dark mahogany
Nose: Aromatic with caramel, walnuts & orange peel.
Mouth: Very smooth & warm, slightly sweet, persistent, old oak.
Food Pairing: After dinner, dark chocolate, coffee, cigars.

D.O. JEREZ

The Heirs winery founded by Leon Argüeso Argüeso and Argüeso at 1.822. To create the winery company, Leon acquired some old seeds Argüeso and the winery "San Jose" in the alley Santo Domingo, whose age is more than 250 years. D. Leon not married, and his death left the business and his vast fortunes to his two nephews, Juan and Francisco. Hence the legend that reflects the shield of the winery "Both Heirs of D. Argüeso Leon" with the initials "J and F". The business expanded from 1.365, constituting new wineries around the original nucleus of the winery San Jose, covering all the multi-faceted to the street set. Mr. Gradually were added a number of new buildings to complete the complex already set current, where the headquarters and offices of the company is located. All this winery assembly is placed around the streets Mar. Bas. Alley of Santo Domingo and Calle del Angel, what was the old convent and gardens of Santo Domingo, grouped in about twenty signs wineries, which extend almost two blocks over 13.300 square meters. Wineries belong to different areas and styles, although must be linked to the nineteenth century, following the style of the winery architecture of the period. Besides the great winery "San Jose". Notably the species that have remained are covered with magnificent polychrome tiles on the exterior walls, and "San Jose" which are covered with magnificent polychrome tiles on the exterior walls. In addition to the core winery Ocean Street Argüeso has Heirs of the winery "San Lucas" (10.000 square meters), on the road to Chipiona latter being acquired 1.337 26.900 square meters of built in Bodega surface.

Argentina Wine

The seventh (Septima) edition to the Codorniu group, Septima is located in Mendoza, Argentina, along the Eastern cordillera of the Andes Mountains.

Mendoza is renowned for being the most outstanding wine-producing region in Argentina, and Septima continues to gather press and awards for its exceptional winemaking within this distinguished region.

Septima accounts for 306 hectares of vineyard at nearly 1,100 meters above sea level, an ideal microclimate for the planting of Cabernet Sauvignon, Chardonnay, Malbec and Tempranillo grapes.

The Septima team practices a minimal intervention approach in the vineyards that maximizes the influence of the unique growing conditions afforded by the nearby Andean Mountain range reaching heights of over 6,500 meters.

The Andes cordillera is what makes the soil and terrain special – the conditions are greatly influenced by the presence of the mountains, producing a continental climate with some water scarcity, little rainfall and extreme fluctuations in day and night temperatures.

Paula Borgo
Head Winemaker, Septima.
Winemaker's comments:
"Producing high quality wine at Septima is a constant challenge for me and our team."

This objective is achieved through a true dedication to the qualitative improvement of our vineyards, linked with the gentle treatment of the grapes throughout the entire winemaking process, allowing us to share with consumers, from thousands of miles away, genuine and distinctive wines that are characteristic of our land."

CODORNIU

California Wine

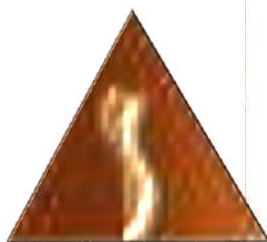

NAPA VALLEY CALIFORNIA ARTESA

Located an hour's drive north of San Francisco, the Carneros Region of the Napa Valley is famous for its Pinot Noir and Chardonnay. Located in Carneros, a custom-made facility with the utmost in winemaking options produces numerous small lots of ultra-premium wines.

Each wine is handled in the gentlest possible manner to preserve every increment of quality.

Artesa is surrounded by over 150 hectares of rolling terrain, half of it planted to a wide range of Pinot Noir and Chardonnay clones and selections.

In addition to estate vineyards and long-term contracts with the best growers, Artesa has a 200 hectare vineyard property in Alexander Valley, 150 hectares of Sonoma Coast, and 75 hectares in Foss Valley.

The Granbazán Wine Cellar
Every princess has her palace

The Granbazán wine project started in 1981 with a clear objective: the excellence. This elite grape and fine wine production project started in the smallholdings of Galicia. The scientific plantation situated in Tremoedo was created using cutting edge technology which was the subject of contradictions and conflicting predictions with the local growers.

The albariño wine had become a myth thanks to both the songs of poets and to the thirst and faith of the people of Cambados. However, its consumption and distribution was a big challenge which required guidance and recommendation. Bottles were not labeled and the small family cellars, in spite of their discovery, did not have enough means or knowledge to offer reliable wines.

Here, from the origins of Agro de Bazán, we feel proud to have made an active and strong contribution to the most relevant agro-industrial revolution in the history of Galicia: taking the Rias Baixas wines to the top ranks, between the best white wines in the world. This is thanks to our role as pioneers in many fields: a strong investment made on hiring a team of technological-oenologists, the development of the cold maceration process, making two types of wine according to the process and quality selection and making the first albariño wine matured in French oak barrels.

To sum up, for all these reasons, in particular due to a professional, creative and strict management, we have been, and still are to this day, a strong reference for white wines from the mythical "Finisterre" Cape.

Winegrowers since 1850

1908: Zuazo family built a cellar at Buenos Aires Street, in Lyon, with two stone wine press.
 1947: **MR. Mariano Zuazo** and **Mr. Victoriano Gastón**, together with some other local winegrowers founded the local wine cooperative. This cooperative was focused on producing bulk wine.
 1987: Next family generation, headed by **Mr. Luis Zuazo** and 9 regional winegrowers, founded **Maese Joan**, a cellar where they elaborate, age and bottle wine from their own vineyards.
 1989: **Prudencio Zuazo Gastón** after completing his Enology studies decides to lay the foundation for the own family project: To elaborate their own wines with the fruit of their own vineyards.
 1990-2000: We take this decade to grow, transform and expand the vineyards up to the 52 Has. Which will become the base for the new project.
 2001: **Bodegas y Viñedos Zuazo Gastón** was founded. The new cellar start elaborating and aging the first wines in a first facility of less than 1000 m2.
 2013: The cellar grows 100 Has. Vineyards, which grapes we transform at our 4000 M2 state-of-the-art facilities where we have an elaboration capacity for 1.400.000 liters and 2.000 American and French barrels.
 2014: The winery **Hacienda Gastón** is founded, with the aim of producing table wines and limited edition, with more modern presentations.
 2015: The first wine is bottled with denomination of origin **Ribera del Duero**, belonging to the family wines of **Bodegas Zuazo Gastón**.
 2016: Today, our wines are recognized and rewarded at the most prestigious national and international fairs and events. Zuazo Gastón wines are distributed by more than 130 companies throughout Spain and exported to more than 20 countries.

WINE OF UKRAINIA TAVRIA

A careful selection of flavors, a different point on your palate !!!

NAOMI

Japan, [Realm of the rising sun, full of exotic, mysterious charm. The Japanese can always find harmony in everything. One of the expressions of such harmony is the traditional Japanese plum wine. For the Japanese, plum is the symbol of purity. The Japanese plum, or "ume", as they call it, is infused with fruit spirits and sugar, thus obtaining the plum extract. The uniqueness of Ume is high content of fruit acids and sweet taste with slight tartness. The traditional Japanese aperitif, made of Ume, strengthens immunity of human body. TM NAOMI is the incarnation of ancient Japanese winemaking traditions - a traditional Japanese aperitif with bewitching aroma of fresh plum and light almond tone. In this drink, only selected raw wines are present, which add up to the high quality of the product. All NAOMI products are prepared on Della Toffola, modern Italian enological equipment. Natural plum juice and plum extract, added to the blend, contain organic microelements and minerals, which promote for better metabolism, decrease fatigue and make an overall

Naomi White Plum
The alcohol content: 11% vol.

WINE OF UKRAINIA TAVRIA

"Terroir is a place of origin", says a well-known wine expert Hugh Johnson.
ASKANIA - the first authentic wine of Askanian terroir. Askanian terroir is: one of the most ecologically clean climate zones; clean soil; the favorable location of the vineyards and an organic environment.

In 1889, the colonists Julius Mayer, Louis Gehler and Jean Jatone obtained 1000 hectares of vineyards in the province of Kherson. These vineyards included 100 arpents (100 hectares) located at the border with the biosphere reserve "Askania-Nova." This reserve was founded by landowner Friedrich Faltz-Fein in the years 1887-1889 and was named one of Seven Natural Wonders of Ukraine. The "Askania-Nova" reserve is the world-class ecological jewel. It is the oldest wild steppe in the world, where hundreds of plant breeds, animals and birds, many of which are listed as endangered, are preserved due to the unique purity of this region. It is the unique Chapil wetland, registered on the International list of Ramsar Convention, which is a huge natural ravine where meltwater is collected. These are the eco-wines "Askania" made of pure grape. The "Askania-Nova" reserve is the world-class ecological jewel. It is the oldest wild steppe in the world, where hundreds of plant breeds, animals and birds, many of which are listed as endangered, are preserved due to the unique purity of this region. It is the unique Chapil wetland, registered on the International list of Ramsar Convention, which is a huge natural ravine where meltwater is collected. These are the eco-wines "Askania" made of pure grape. Under such circumstances, the grapes ripen earlier, accumulate more sugar and have low acidity, which creates perfect conditions for wine maturation with a delicate impeccable taste.

Dry white wine Riesling grape varieties, Rkatsiteli and European varieties mix Alcohol Vol - 9.0 to 14.0% Bot. 0.75 liters
"Askania Muscat Tavria" White wine, semi-sweet muscat grape Vol Alcohol - 9.0 to 13.0% Sugar - 3-5% by weight. Bot. 0.75 liters
"Askania Chardonnay" White wine Chardonnay grapes Vol Alcohol - 9.0 to 13.0% Sugar - 3-5% by weight. Bot. 0.75 liters
"Askania Merlot" Semi-sweet red wine Merlot grapes Vol Alcohol - 9.0 to 13.0% Sugar - 3-5% by weight. Bot. 0.75 liters
"Askania Cabernet" Classic dry red wine Cabernet grapes Vol Alcohol - 9.5 to 14.0% Sugar - 3-5% by weight. Bot. 0.75 liters
"Askania Ukraine Cahors" Cahors, ancient tradition of wine of Holy Community Organic high-end wine Cabernet Sauvignon, Superavi by heat treatment of the pulp. Vol. Alcohol 16.0 vol%, Sugar - 16% by weight. Bot. 0.75 liters

is a modern European beer produced under authority of «Anheuser Busch (Inbev NV/SA, Brussels, Belgium)». It is a brand for persistent people, who are never completely satisfied with their results, strive to make success by learning, heavily working and maintaining the highest possible quality standards, every day.

TALLER supports them with a glass of a truly European beer brewed in accordance with strict quality standards.

INGREDIENTS: WATER, BARLEY MALT, CORN GIST, HOPS
ALCOHOL: - NO LESS 5.0% VOL.
ORIGINAL GRAVITY - 12.0%
PACKAGING: GLASS BOTTLE 0.33L, 0.5L, ALU CAN 0.5L

TALLER (Lager Beer)

TALLER MAIBOCK

STRONG, 8.00% ALCOHOL

Taller Maibock is a variety of a strong lager beer, which is brewed by traditional brewing technology with the specialty - it doesn't pass the filtering process that allows to keep small pieces of barley and hops in the beer. Due to this, Chermigovske Maibock has a unique white color and natural taste.

Taller Maibock is a dark amber strong beer with a rich taste and a long-lasting aftertaste.

Handmade with high-quality ingredients, light color, rich taste and a long-lasting aftertaste.

Maibock

Chermigovske «Bile»

unfiltered beer, which is brewed by traditional brewing technology with the specialty - it doesn't pass the filtering process that allows to keep small pieces of barley and hops in the beer. Due to this, Chermigovske Maibock has a unique white color and natural taste.

Chermigovske «Bile» - for those who appreciate the natural taste of the traditional unfiltered beer.

Handmade with high-quality ingredients, light color, rich taste and a long-lasting aftertaste.
