

# AntiOx Solution

## Antioxidant

### ► Benefits

AntiOx Solution Line: provides a health dose of Antioxidants (also known as Free Radical Scavengers) that help protect our body from cellular damage and are important for maintaining everyday health.

### Action

Free radicals cause fatigue and also contribute to premature aging and long-term health problems. The polyphenols (powerful flavonoid antioxidants) that **bio3** extracts from Green and White teas offer you a natural way to slow down cellular deterioration.

**bio3** AntiOx strengthens your immune system through its content in Resveratrol, probiotics (lactic acid bacteria) and Conjugated Linoleic Acid (CLA), both of them acting as metabolic enhancers that help strengthen your body's natural defenses.

### How to use it

Just add one packet to one bottle of water (16.9-20.0 oz/50 cl. Bottle). Shake well and you get all the goodness and flavour of the natural plants.

### Ingredients

Dextrose, extracted from Red Grape Seed, Organic Green and White tea, C vitamin, ascorbic acid, Citric, C.L.A., Lactobacillus.

### Presentation

Box containing 24 sticks x 4 g.
