AGUA MINERAL NATURAL

ZARAGOZA - SPAIN

Saludando la Vida

"Greeting life"

OUR COMPANY & SOURCES

Manantiales del Piedra is a natural mineral spring water company in **Spain**.

The **deep springs** and the **natural filtering process** are the essence of our waters; the contact with geological formations imparts a unique mineral and quality composition to them.

Our waters surfaces in an environment free from contamination, and its analysis and flow rate remain the same from season to season.

Each spring has the waters own identity.

Know our springs **Fontecabras** and **LA MAJUELA** (Sierra del Águila).

SITUATION – LOGISTIC & DISTRIBUTION

We are situated in the province of Zaragoza (Spain), ours springs lies at a privileged crossroads between Madrid, Barcelona, Valencia and the Basque Country. It is also the gateway to Europe through the Pyrenees.

We have two different springs, so the service is always guaranteed
