

Fiber Solution

High fibre content

► Benefits

Its high fibre content favours the digestive process. **bio3** Fiber Solution is a shake of dietetic fiber (or a soluble powder of dietetic fiber), made with wild varieties of Ispaghula, and peach.

Action

Its high fibre content favours the digestive process. On its way to the intestine, it absorbs and eliminates the excess fats, sugars, cholesterol, toxins, liquids and biliary acids.

bio3 Fiber mildly and efficiently corrects constipation disorders. An ideal complement to a healthy and balanced diet.

How to use it

Add the sachet to a glass of water and drink. You will see that it reduces and satisfies your appetite, which is very useful in weight control diets.

Ingredients

Ispaghula-Psyllium husk, peach fruit, natural peach flavour, sweetener: aspartame. Contains a source of phenylalanine.

Presentation

Box containing 40 bags x 4 g.
