## NUVIANA – IGP VALLE DEL CINCA

HISTORY PRODUCT RANGE

In the process of expansion, the Cordorniu Group accepted another challenge and sought an area with potential for development in order to establish another winery, Nuviana

The area selected was Valle del Cinca, in the Alto Aragón region.

The winery was inaugurated early in 2003 with the desire to elaborate attractive wines with a modern, contemporary organoleptic profile.

The winery is located in an estate named San Miguel, in Belver de Cinca, in the region of Huesca, and covers an area of 3.5 hectares.

The first wines from Nuviana reached the market at the end of 2002. They are relatively young wines with a striking personality, light bodied and well rounded, with predominant flavours of origin, of the grape itself.

Furthermore, they are agreeably drinkable wines that emphasise the primary values.
