

DISTRIBUTION WINERIES

RAIMAT – D.O. COSTERS DEL SEGRE

HISTORY PRODUCT RANGE

Raimat is the largest vineyard of Codorníu Group.

With approximately 2,500 hectares, it is also the largest privately owned vineyard in the continent.

Thanks to a large financial investment and an innovative strategy process succeeded in converting the arid countryside near Lerida into one of the most recognisable wineries in Spain and in Europe.

The Raimat estate is located on the border between Catalonia and Aragon, in the DO Costers del Segre.

In Raimat, red wines, white wines, and sparkling wines, both single varietal and blended, are all produced using the most avant-garde techniques in the cultivation and elaboration methods.
